		<hr/>	17.0	16.0	16.0
	* Major Requirements				
	# Pre-Med./Pre-Dent. Requirements				
+ Program Prerequisites					

MANAGEMENT
B.A. Degree
Pre-Medicine/Pre-Dentistry Program

This program has been specifically designed for the Pre-Medicine or Pre-Dentistry student who wishes to have the benefits of a liberal business education.

According to the Association of American Medical Colleges, health professions must become “informed participants in contemporary society” through an “understanding of its politics, history and economics.” Students preparing for medical careers should be encouraged to “make the pursuit of scholarly endeavors and the development of effective writing skills integral features of baccalaureate education.” Such education will help students to develop the values and attitudes essential for members of a caring profession, and to contribute to the society of which they are a part.”
