	<u>16.0</u>	<u>14.0</u>	<u>16.0</u>
* Major Requirements		** Pre-Med/Pre-Dent Requirements	

HISTORY

Pre-Medicine/Pre-Dentistry Program
B.A. Degree

This program has been specifically designed for the pre-medical or pre-dental student who enjoys the study of history and wishes to have the enriching benefit of a liberal arts education.

According to the Association of American Medical Colleges, health professionals must become “informed participants in contemporary society” through an “understanding of its politics, history and economics.” Students preparing for medical careers should be encouraged to “make the pursuit of scholarly endeavor and the development of effective writing skills integral features of baccalaureate education.” Such education will help students “to develop the values and attitudes essential for members of a caring profession, and to contribute to the society of which they are a part.”
