I understand that I am pre-registering for a class that I may or may not be eligible to take. If, at the beginning of next quarter, I failed to meet the prerequisites for the class(es) on my registration form, I understand that the Registrar's office will drop me from the class(es). I will check my registration schedule with the Office of the Registrar or on the web at <http://www.lasierra.edu/registrar> when I first arrive back on campus. If I have been dropped from the class(es) and I disagree with the instructor of the pre-requisite course, I will first consult my former instructor, then with the appropriate department chair. If I am not registering for a college level course after completing remedial requirements, I understand that I am expected to register for the remedial class again if I do not pass.
